THE LATEST.

After defeating Senator Tillman's amendment for a tax of ten cents a pound on tea by a vote of 18 to 55, thus concluding the scheduled debate on the tariff bill, the Senate took up the income and corporation tax questions. Senator Aldrich said he would support the income tax amendment as a means of defeating the income tax, expressing the opinion that the tax would be repealed after two years or the rate materially lowered. The Democrats held that this position was a subterfuge on Mr. Aldrich's part to destroy the income tax.

An increase of \$44 in the total of railroad casualties, but a decrease of sixty-five in the total of persons killed, as compared with the figures for the corresponding quarter last year is shown for the months of January, February and March, 1909, by Accident Bulletin No. 31, issued by the Interstate Commerce Commission. During the months named 663 persons were killed.

SENATE ENDS TARIFF RATES

Begin Debate On Corporation Tax Plan.

Puts Kibosh On Tillman's Tea Duty Scheme.

Rough Sailing For Pet Measure.

ALDRICH TIPS HIS D. D.

Washington, June 29.—With the tariff schedules disposed of and the door closed against the present intrusion of amendments to the tariff bill, the Senate today entered upon the consideration of the income and the corporation tax question, as connected with the tariff bill. While the Senate was more than four hours in formally coming to the question of taxation of incomes, the subject received more or less individual attention while the tea provision was under consideration, and it was during the stage of the proceeding that the most interesting occurrence of the day took place. This was the announcement of the real attitude of Chairman Aldrich of the Finance Committee toward the corporation tax provision, which he had introduced at the instance of the President.

Senator Aldrich's Admission.

It had for some time been whispered that the Rhode Island Senator had become an advocate of a tax on the earnings of corporations as the most effective means of defeating a general income tax amendment to the pending bill. Mr. Aldrich's statement today accorded with the rumors. He spoke in response to a question from Senator Clay, and in so many words confessed his advocacy of the corporation tax as a means of defeating the income tax. He added another reason, which was that he thought for the next year or two there would be a deficit in the Treasury receipts which he was willing to have made good by the income tax. He said that he was not in favor of the corporation tax as a means of defeating the income tax, but that he was in favor of it as a means of defeating the income tax.

Heat Almost Intolerable.

Many people found the hot weather and the heat of the Capitol today to be almost intolerable. The heat was so bad that many of the Senators and Congressmen were seen to wipe their brows with their hands. The heat was so bad that many of the Senators and Congressmen were seen to wipe their brows with their hands. The heat was so bad that many of the Senators and Congressmen were seen to wipe their brows with their hands.

Bailey Gains a Point.

Demurring to this suggestion, Senator Bailey pointed out that such a course would be in violation of the constitution. He said that he was in favor of the income tax, but that he was not in favor of the corporation tax. He said that he was in favor of the income tax, but that he was not in favor of the corporation tax. He said that he was in favor of the income tax, but that he was not in favor of the corporation tax.

Sensor Tillman in Limeright.

Senator Tillman lost no time today in renewing his effort to have a duty of 10 cents a pound on tea. He said that he was in favor of the tea duty, but that he was not in favor of the income tax.

Proposes a Bounty.

Senator Dixon proposed a bounty of 10 cents a pound on tea. He said that he was in favor of the tea duty, but that he was not in favor of the income tax. He said that he was in favor of the tea duty, but that he was not in favor of the income tax.

READ WHAT FOLLOWS:

TO OUT-OF-TOWN PURCHASERS.

Any buyer living within 150 miles of Louisville will have their Railroad Fare refunded.

Purchasers from a greater distance will have a reduction equal to a 150 mile fare.

A SHORT time ago we closed contracts for a complete alteration of the downstairs portion of our store. To carry out our agreement it is necessary that we vacate the lower floor within a certain period and turn over the premises to the builders.

It was our intention to move our pianos to our recital hall on the second floor, but we find on investigation that the floors will not bear the enormous weight that a full stock of pianos will put on them. We have the choice of either removing our whole stock of goods to a storage warehouse or selling at a price that the buying public cannot afford to overlook. This is a concise statement of facts.

It Is Up to the Public to Recognize Their Opportunity

Last Sunday we published a partial list of bargains. Monday we had a record-breaking sale. This is one of those occasions when it is not wise to put off until next week what you can do better right now.

This is not a bargain sale of cheap and second-hand pianos only. Our stock now consists mainly of new

THREE STATE

Corporation For Burley Tobacco Society.

QUESTION DISCUSSED AT WINCHESTER MEETING.

ORGANIZATION HAS A SURPLUS OF \$300,000.

SALARY OF LEBUS ATTACKED.

Winchester, Ky., June 29.—The creation of a corporation, to be known as the Burley Tobacco Company and to be controlled by the Kentucky Burley Society, which takes in the burley tobacco-growing section of this State, Ohio and Indiana, was discussed at an open meeting of the tobacco men's district board here to-day.

The matter will come up for final consideration to-morrow. A financial statement was issued by the officers of the Burley Society, showing a surplus of about \$300,000.

IDEAS OF POOL

And President LeBus' Salary Discussed At Meeting.

Winchester, Ky., June 29.—(Special.)—The Burley Tobacco Society is in session here with nearly all the counties represented. The day was spent in hearing reports from the counties. The crop is not more than 10 per cent. more than normal, but heavy rains, grass and other things have somewhat reduced that. Most of the delegates think a pool will be effected. In many places those who remained out of the last pool are eager to enter the new one. Ideas differ as to the amount that should be required to make the pool effective. Some think it should be almost unanimous or no pool, while others favor a pool if not more than half the crop can be secured.

The plans of the new pledge in commencing the tobacco season to meet with much favor, especially among the small growers. The pledge has been prepared, but will not be given out until further consideration.

Some of these present think the salary allowed President LeBus is excessive and will have an effect to make it harder to pool the growing crop. A speech attacking it to-day caused much excitement, but most of the delegates seem to sustain the committee in fixing it at the present figure. Nothing has yet been said as to the methods of the campaign for pooling the present crop.

GOV. WILLSON AT RICHMOND.

Opening of Second Educational Campaign At Madison's Capital.

Richmond, Ky., June 29.—(Special.)—The second Kentucky educational "whirlwind" campaign being waged over the State, was held for Richmond at State Normal School grounds here to-day, in connection with the opening of the "Rural Road" main building now in construction. The guest of honor, Gov. Augustus B. Willson, was sincere in his pleadings for all citizens of this and other districts of Kentucky to join minds and go hand and hand in the movement

toward broadening the field of possibilities for education.

At the conclusion of the educational campaign, Gov. Willson deposited into the corporation a photograph of the late Dr. R. N. Roark, for whom the building was named, and who was first president of the institution, together with documents bearing a historical sketch of Normal School dates, and other important events in connection with establishment of the institution.

Gov. Willson was escorted from the depot in an automobile by former Senator James H. McCreary, preceded by a brass band, and followed by a long string of automobiles, valets and pedestrians, including most all city school children, who formed a line of march to the Normal grounds, where the Governor was escorted to the platform built for the occasion.

At 2:30 o'clock, after appropriate remarks, Gov. Willson was introduced to a vast audience by Representative J. A. Sullivan, of this city. His encouraging address was met with rousing applause and was followed by former Chief Justice A. Rollins Burman and former Senator James B. McCreary, after which to the tune of "My Old Kentucky Home" the Governor was escorted to the Normal grounds, where he was met by a large number of school children, who formed a line of march to the Normal grounds, where the Governor was escorted to the platform built for the occasion.

CAPT. JACK LEWIS DYING.

Son of Late Gen. Joseph H. Lewis, of Orphan Brigade.

Glasgow, Ky., June 29.—(Special.)—Capt. Jack Lewis, president of the Farmers' State Bank, and one of the best known men in Southern Kentucky, is dying at his home on Race street. Capt. Lewis is the only son of the late Gen. Joseph H. Lewis, the famous general of the Orphan Brigade, and who for many years was circuit judge of the Court of Appeals.

Capt. Lewis, like his father, is one of the most prominent and beloved men in Southern Kentucky. His long and patient fight for seven years has led to relieve him and his physicians this time and his death is expected to occur within a few days. His children and relatives have been notified and are hastening to his bedside.

OUT HIS THROAT.

W. B. Duncan, Former Louisville Policeman, Commits Suicide.

Cloverport, Ky., June 29.—W. B. Duncan, a former member of the Louisville police force, but who had been here for the past year in the L. H. and St. Louis, died here to-day at his home at 1000 Boarding-house at 3 o'clock this morning by cutting his throat with a razor. His dead body was found in his room when a servant went to call him in the morning. The body was found near the body addressed to his sister, Miss Mattie Duncan.

It is believed he killed himself in a fit of despondency due to excessive grief over the death of his mother, which occurred in Owen county a few months ago.

MISUNDERSTANDING DISCUSSED

Clash Between A. S. E. and the Burley Tobacco Society.

Falmouth, Ky., June 29.—(Special.)—The tobacco growers of Pendleton county held an important meeting at the courthouse, yesterday afternoon, to discuss the misunderstanding between the American Society of Equity and the Burley Tobacco Society.

The members of the A. S. E. were in the majority and they threatened to sever their connection with the Burley Tobacco Society, draft a separate contract of their own, ignore the Burley society and work in opposition to them.

President Clarence LeBus, Mr. A. L. Ferguson, members of the executive committee of the Burley society, and Miss Alice Lloyd were present and made speeches. They discussed the new contract and the matter of dissensions of the A. S. E.

The county union being in session in the courthouse they went before that body and reports were heard from nearly every local union in the county. All expressed a willingness to do the right thing in regard to the contract, but de-

clared the Burley society must come to equitable terms.

Miss Lloyd upheld the contract in every particular. She emphasized the fact that the officers had profited by experience of success, and ably conducting the pool for the other years and had tried to give the growers the benefit of this experience by drafting a new contract.

The meeting had a tendency to ally harsh feeling for the present and no action will probably be taken until they can hear the decision of the district board at Winchester.

FOUR GENERATIONS PRESENT.

Golden Wedding Celebration of Mr. and Mrs. G. H. Leebaker, Sr.

Covington, Ky., June 29.—(Special.)—Children, grandchildren and great-grandchildren were in the happy throng of those who assembled at the residence of Mr. and Mrs. George H. Leebaker, Sr., to celebrate the couple's fiftieth wedding anniversary. Mr. and Mrs. Leebaker attended divine service at the Mother of God church, where fifty years before they were wedded. The morning exercises were indulged in by address from Prof. J. W. Denmore, of Berea, and Dr. J. L. Wells, of Ashland.

Gov. Willson arrived here at 2 o'clock this afternoon from London and remained until midnight, when he returned to Bardonia, where he speaks to-morrow. During his stay here the Governor was the guest of the Hon. Waller Bennett.

Accepts Call To Hartford.

NEGRO CONFESSES GUILT TO SAVE LIFE OF WOMAN.

Memphis, Tenn., June 29.—In an effort to save the life of a woman, with whom he was jointly indicted for the murder of her husband, William Thaddeus, a negro, openly confessed the crime in the Second Circuit Court here to-day.

"I can't stand this any longer. I am guilty and will take the punishment, even if I hang for it," said Thaddeus to Judge J. W. Palmer.

The negro had previously confessed to his attorney. Circumstances and evidence in the case apparently shifted the guilt from Thaddeus to the woman, and the life sentence to the penitentiary withstood indifference. The woman was acquitted.
